

**TAKE ADVANTAGE OF THE INCENTIVE TO INSTALL NEW LIGHTING WITH THE NAED POWER SAVER REBATE PROGRAM. YOU WILL ADD VALUE TO YOUR BUSINESS AND PROPERTY BECAUSE:**

- **NEW LIGHTING CREATES A BETTER, MORE PRODUCTIVE WORK ENVIRONMENT**
- **NEW LIGHTING PRODUCES LESS HEAT AND REDUCES THE LOAD ON YOUR HVAC SYSTEM**
- **NEW LIGHTING IMPROVES CASH FLOW BY LOWERING ENERGY COSTS**

**NAED 2010 Rebate Program Fact Sheet**

North Attleborough Electric Department (NAED) is offering business customers financial incentives to replace inefficient light fixtures and bulbs with energy savings products. Join the Power Saver Rebate Program by calling NAED for a FREE lighting audit valued up to \$1500!

We are offering rebates on a range of eligible lighting equipment for every kind of business. NAED will pay up to 80% of the installed upgrades based on the Energy Management Audit Report and your rate classification. Rate classifications are: General Service customers (Rate CI-6) who can receive up to \$2000 or Large General Service customers (Rate CI-7; more than 100 kW per month), who can receive up to \$5,000.

**How does the program work?**

To be eligible, your business must receive electric service from NAED. In order to qualify for a rebate, you must call NAED and schedule a lighting audit. Once the audit is completed, call NAED again within 30 days to commit to some or all the work listed on the Energy Management Audit Report. The work must be completed and the new equipment installed at the service (account) address within 90 days of your commitment call to NAED.

Once NAED has conducted a post-inspection and installation is approved, rebate check will be issued to you within 4-6 weeks.

**What else should I know about the program?**

There are a variety of lighting efficiency measures that qualify for a rebate from the Power Saver Rebate Program. Specific information on qualifying equipment will be provided to you in the Energy Management Audit Report.

The program starts January 1, 2010 and will run until December 31, 2010 or until program funds have been expended. Applications will be accepted on a first-come, first-served basis until allocated funds for the program are expended. Rebates are only available for the replacement or conversion of inefficient lighting equipment listed on the Energy Management Audit Report.

**Program Eligibility Requirements:**

1. Contact NAED at 508.643.6310 to schedule a Power Saver lighting audit.
2. After the audit is complete, again call NAED within 30 days to commit to do some or all the work listed on the Energy Management Audit Report.
3. Within 90 days of your commitment call to NAED, complete the work and install any new equipment at the service (account) address.
4. Fill out the Power Saver Program Rebate Application\* and attach an original invoice for your equipment replacement. Both the business customer and contractor must sign each quotation. Rebates will only be paid upon presentation of valid original invoice and proof of payment.
5. NAED must conduct a post-inspection to certify that the installation meets program criteria.
6. A rebate check will be issued to qualified applicants with 4-6 weeks.

**FOR MORE INFORMATION, PLEASE CONTACT NAED AT 508.643.6310.**

\*NAED reserves the right to reject any application that is incomplete or does not meet program criteria. Each commercial customer is limited to one lighting audit, maximum value of \$1,500. Each commercial customer is limited to a maximum rebate from the Power Saver Program of \$2,000 for Small General Service (CI-6) and \$5,000 for Large General Service (CI-7). This offer expires December 31, 2010 or when funds have been expended. NAED reserves the right to make changes in this program. Changes will not affect the rebate levels of accepted applications.
