I. NEW BILL print format

If you are receiving a paper bill you will see a small change to the format. The remittance form is now at the bottom and no longer at the top. This change was put forth to help us automatically scan the information on your remittance form. As a reminder, you may easily switch from paper billing to **PAPERLESS** bills; See how to sign up at www.naelectric.com.

II. Debt Forgiveness Program – For 'Protected' Accounts

The Board of Electric Commissioners authorized the institution of a "Debt Forgiveness Program" for certain NAED customers **who are certified for protection on the basis of serious illness or elderly household member**. Given the COVID situation in 2020, we would like to remind our customers of this program.

The "Debt Forgiveness Program" offers NAED customers who make regular, on time, payments of their monthly bills to have prior debt and charges "forgiven". A "Protected" customer cannot have his/her power "shut off", but that same customer is still responsible for the payment of the billed amount. A customer who participates in the program must currently be in arrears for \$300 or more. The customer, after making twelve consecutive months of payments on time, is eligible to have his/her prior past due amount reduced by twenty percent (20%). The program will allow "Protected" customers who participate in the program to have their entire prior past due amount eliminated in five (5) years.

To participate in the program a customer must be protected from shut-off on the basis of "Serious Illness" or all residents of the household are 65-years or older. In addition, all customers, including those qualifying for "Elderly" must qualify on the basis of financial hardship, be income verified and complete an application. The NAED Board of Commissioners reserves the right to modify the program requirements and may cancel the program as it deems to be in NAED's best interest and its other ratepayers. To participate in the program, or receive more information, please contact NAED, at 508-643-6300 or by email at customerservice@naelectric.com

III. Additional COVID Relief Discount Approved

The Board voted on May 25, 2021 to provide an additional 3 months of relief through a 10% bill discount, May (June Bill) through July (August Bill) of 2021. COVID has impacted everyone and all businesses in some way. The North Attleborough Electric Department realizes the impact that our customers may be facing and have faced over the past year. Since the pandemic started in early 2020 the Board of Electric Commissioners quickly realized help was needed. The Board has authorized a 10% bill discount since June 2020. These bill discounts were in addition to the roughly \$3 Million returned to customers in March 2020 through the PCA (Power Cost Adjustment) & Revenue Credit. NAED is proud that we have given back to our customers over \$2.5 Million in billing discounts thus far.

IV. GOOD NEIGHBOR ENERGY FUND

The Massachusetts Good Neighbor Energy Fund is available to any Massachusetts resident who, because of temporary financial difficulty, cannot meet a month's energy expense and is not eligible for state or federal energy assistance. Income must fall between 60% and 80% of the state's median income levels. You may qualify for up to \$300 in assistance. For income guidelines please visit: <http://magoodneighbor.org/assistance.html> or call NAED at 508-643-6376 for more information.

V. Town & NAED Receive Electric Vehicle Charging Grant

The Town of North Attleborough working with NAED has received notice of a Grant award for electric vehicle charging station funding through the Massachusetts Electric Vehicle Incentive Program (MassEVIP) Public Access Charging. Three locations will be receiving charging stations in the coming months: NA High School, NA Town Hall, and the Church Street public parking lot. NAED will be leading the effort through procurement and project management to get these locations deployed. As we look to the future, electric vehicles will become more and more common and will need charging infrastructure in place to support their adoption.
